

ACTIVITY 2

PART D – Tuesday, February 19

Due: Thursday, February 21

A hard copy of Activity #2 is due this coming Thursday, February 21 (Week 5).

- (1) Complete a set by flipping a coin four times. Repeat this set ten times. Report the result of your coin tosses (40 flips) in the following format on your document:

	Frequency of Appearance
4 heads, 0 tails	
3 heads, 1 tail	
2 heads, 2 tails	
1 head, 3 tails	
0 heads, 4 tails	
Total	10 flips

- (2) We replicated the coin toss across every student in the class. We compared a distribution of ten coin tosses with the distribution of the class. Describe how these distributions differed.
